

## **WE BOOK AWARD AIRLINE TICKETS USING YOUR POINTS FROM ALL LOYALTY PROGRAMS**

Airline award ticketing is a concierge service for booking “Virtually-Free” flights. We help you maximize the value of multiple loyalty programs, strategically booking International Business Class airline tickets using the least number of points possible.

This reward process is perfect for the traveler who wants a high level of service throughout the booking process.

### **How can we help you?**

- We and our partner will analyze your portfolio of awards and points from credit cards, airlines and hotel programs.
- Our award search technique will find the lowest mileage award seat possible.
- We will use less of your miles/points than AMEX, Chase or the airline directly.
- We will move your points, book your tickets, assign your seats and be available 24/7 when you travel.

### **What do we need from you to get you started?**

- Gather all your frequent flyer, credit card, and hotel loyalty award point balances.
- E-mail us the above information to [travel4foodfun@gmail.com](mailto:travel4foodfun@gmail.com)
- Include your contact information and one of our agent partners will call you to discuss how we can maximize your points.
